

## ***TONY HAWK'S UNDERGROUND***

### **FACT SHEET**

#### **PRODUCT SUMMARY**

***Tony Hawk's Underground*** is a totally new breed of the Tony Hawk experience. We're breaking the rules, delivering innovative new features and, this time, it's all about the player - complete challenges and unveil the plot-twisting, true-to-life story that takes a player from unknown local skate punk to fame and fortune as the most popular skater in the world. Along the way, gamers will get off their boards and explore expansive new levels on foot or in vehicles. In this game, there are no rules...it's all about the underground.

#### **FEATURES**

- ***First-ever Story Mode*** - Gamers play as themselves and make their way through a plot-twisting story, working their way up the ranks, earning sponsorships, going pro, and surviving the trials and tribulations of a real skateboarding career.
- ***Get Off The Board*** - Players can explore eight expansive levels on foot or in a vehicle. Go for a joyride or climb to the tops of buildings, all to find new lines to skate or places to drop in from.
- ***Create-A-Trick*** - Design original tricks through the all-new create-a-trick feature. Gamers can create, name, and score their unique tricks and then share them via memory cards.
- ***Create Your Own Levels*** - Create bigger environments in the enhanced skate park editor and populate with houses, freeways, piers, grass, streets, sidewalks, telephone poles, street lights, and more. Then replicate and transplant the coolest creations to other locations in the level using the new copy and paste function.
- ***Challenge Your Friends*** - Gamers can personalize goals in the expanded Skate Park Editor and share those challenges with their friends via memory card swapping.

- ***Create Your Own Decks*** - Choose from the pros' deck designs or create one from scratch with new stickers and graphics.
